HOT FOR GOOD GIRLS

Wow! That chick, Sasha, in your last issue really got to me. So would you please forward this letter to her? It's very important.

Sasha, you roly-poly honey you, I don't care how much you claim to be a good girl we both know how naughty you can be. That's cool! I love bad babes who pretend to be all sweet and innocent, especially if they're built like you. My name is Steve. I'm forty, divorced, and my prick never gets soft. Honest! I'm not exaggerating! That's why we'd be perfect for each other, Sasha. Physically, you're exactly what I want in a heavy woman and your attitude toward fornication matches my own. We could do everything. For instance – phone sex. Since I have my own private office at work, you could call me anytime you got horny and I'd talk dirty to you while you frigged yourself off. I'd even whip my dick out and jerk it if you wanted me to! Can you imagine us cumming together over the phone – you with your hand jammed up your puffy slice and me stroking my wiener at top speed! Kinky, huh? Hold on, it gets kinkier. After work I'd drive to your place and fix you a scrumptious, three-course meal, then kneel under the table, wiggle my face between your tender, chubby thighs, and lick your snatch while you ate your dinner. Once I'd cleared away the dishes,

you and I would get naked and settle down to watch some pornos. I was very impressed with your honesty about smut turning you on, Sasha. That's a rare quality in a woman. I also respond the same way to a good triple X flick so the action will heat up fast I'm sure. Can't you envision us cuddling there on the sofa, my groping claws mauling your billowy tits, your pudgy fist gliding along my stiff cock. I have no idea how many movies it will take to put us both into fuck mode; I suppose it depends on individual endurance. Personally, I can view several before I need to stuff a pussy, but I'm guessing that your tolerance for arousal is much weaker than mine. In any case, we'll inevitably advance to cock sucking, and that's something I'm really looking forward to. I doubt you'll let me ejaculate in your mouth so early in the game, which is fine with me because I'll want to screw your cunt – probably with you on top – then put you in a doggy position and ram my dick up your asshole. Thanks to my amazing control you can climax as many times as you wish, Sasha, until you're ready for me to bathe your beautiful, full face and quaking lovepillows in a deluge of sperm! So what do you say, Sasha? Why flit from guy to guy when you can have your very own stud muffin at your disposal 24/7?

Let's meet for a drink or something – OK?

HAIR TRIGGER TITTIES

I'm writing in reference to Starr's pictorial in your last issue. I was surprised at her comments about having super sensitive breasts because she made it sound like her erotic condition was something unusual when it's actually quite common. My current conquest, Doris, is an excellent example of this phenomenon.

I'm 26, single, and work for a loan company. Doris was assigned to my department about three weeks ago and the minute I spied her long, silky black hair and voluptuous 225 lb. bulk I made it my personal goal to nail her by the end of the month. Man! Did I ever strike out! I used every move in my rather extensive repertoire on that sultry plumper, but she coldly rebuffed all of my advances with ease. I couldn't figure it out. Then one Friday afternoon I accidentally found Doris's "on" switch.

It was quitting time and we were the last two to leave. When we both tried to enter the elevator at the same time, I tripped over my own feet and toppled into her. My outstretched hands cupped her massive 40DD chest while my momentum shoved her into the back wall of the car as the doors closed and we began to descend. For a moment we stared at each other in complete silence, my palms still cemented to Doris's ample bodice.

"God, I wish you hadn't done that!" she finally hissed. Suddenly, her meaty arms were around my neck, her lips met mine, and she began lewdly grinding her rack against my clawing fingers. Everything happened pretty fast after that. Hitting the emergency stop button, Doris stripped to the waist in a heated rush, and the instant her gigantic, milky white gazongas toppled out into the open I was all over them like a wild man. "Yes! Oh, yes! Lick my titties, Jeff! Yes! Bite my nipples! Damn, that makes me horny!" she purred, mashing sweaty face into her awesome udders. Nursing on her honkers was driving me crazy, too! My dick was so stiff that when Doris sank to her knees, opened my fly, and trapped my swollen schlong between her fleshy mounds, I nearly exploded. Luckily, Doris knew her stuff. Her shifting, bunched boobs applied just enough pressure to keep me teetering on the brink until she was ready for a proper beef injection. "I can't wait any longer!" she hissed. Jumping to her feet, she swung around, hiked her skirt up above her large, dimpled buttocks, and rolled her voluminous panties down to her ankles. "Fuck me, Jeff! I have to cum!" She got no argument from me! With alarm bells ringing in my ears, and red lights blinking above me, I slammed my pecker up Doris's tight, doughy pouch and started pumping her furiously. I swear that bitch must have popped her cork twice before I pulled out and sprayed her jiggling asscheeks.

Now, Doris and I screw almost daily, and all it takes is a quick tweak of her mammoth jugs to get her engine running.

PORN ADDICT PORKER

This letter is for Janey, the model with the porno fetish. I just wanted to thank you for saving my marriage and resurrecting my sex life, Janey!

My husband and I have been happily married for ten years, but lately George has lost interest in making love. I knew it wasn't me. I'm 28, have long, platinum blonde hair, weigh a whopping 200 lbs - which is ideal for a fatty freak like George - and have been blessed with a pair of doughy, 44DD boobs that still turn heads every time I walk down the street. No, the excitement had simply vanished from our bedroom and I didn't know what to do about it. Then last week I found George's copy of Plumpers and read your article. Light bulbs immediately began exploding in my head. I figured that George would really flip if he came home from work and "accidentally" caught me watching an X-rated movie. Tingling with anticipation, I raced to the video store and rented the first movie I found without even looking at the cover. Since I knew absolutely nothing about this kind of stuff, I didn't think it would make much difference anyway.

About a half hour before George was due to arrive, I placed the DVD in the player and sprawled out on the sofa wearing nothing except a flaming red peignoir, then hit the play button, and settled back to get myself worked up, figuring that I should at least appear to be interested in what was transpir-

ing on the screen. After the opening scene - which featured a well-hung stud screwing a gorgeous young woman in all sorts of positions - I didn't have to pretend. The longer I watched, the more excited I became. My inch-long, cherry pink nipples blossomed into rubbery stubs under my tweaking fingers and my freshly shaven pussy started leaking uncontrollably. By the time a pair of busty lesbians appeared to eat each other's pussies and ride a foot-long, double-headed dildo, I was unconsciously gliding my hands over my fleshy bod, and moaning loudly. I desperately tried to hold on until George got there, but the scene changed to one showing a fairly hefty brunette servicing a trio of big-dicked hunks, and I lost it. Jamming three fingers up my leaking, pink twat, I yelped at the top of my lungs and started bucking my broad backside off the cushions. Suddenly, I heard a noise behind me and swung around to discover my husband standing there with his pants hugging his ankles, furiously stroking his rigid manhood! Ten seconds later I detonated at the same instant George released a violent

grunt and sprayed three pulpy loads of jism across my face and tits. Because of your wonderful idea, Janey, my George has been transformed into a raging sex machine! We are currently in the process of building up our own adult film library and are very eager to imitate all the kinky things we expect to see. Thanks again!

SEEING PINK

I'm writing this letter directly to Shannon, the blonde porker with the pink fetish featured in your last issue, in the hopes that making contact with her might ease my rattled brain.

I'm a 50-year-old, divorced male who's been into fat girls for most of my life so I'm no novice to the world of hefty women, but you've totally messed up my mind, Shannon, to the point where I can't sleep because you haunt my dreams every night. The first one was rather tame, and despite waking up with a wicked boner, I simply ignored it. You were rolling around naked on a huge, pink mattress, wrapped in a layer of sheer, pink material, fondling your enormous, floppy boobs and massaging the soft folds of your large, exquisite body

while mouthing a stream of filthy words, and jamming a twelve-inch pink dildo up your splayed cunt. Unfortunately, I awakened before you climaxed. Weird, right? Still, I didn't figure it was all that unusual; I just stumbled into the bathroom, jerked off, and went back to bed. Over and done with as far as I was concerned. Wrong! The next night you were there in my head the instant I closed my eyes. This one was pretty much a repeat of the previous dream only more intense, and at the very end, you flipped over onto all fours and wedged a string of gigantic pink anal beads between your pumpkin-sized ass-globes! Again, I don't know if you hit your peak or not, but I have to tell you that I barely made it to the john in time to shoot my load in the crapper. Are you beginning to understand what I've been going through, Shannon? All the following day I kept fantasizing about you, wondering what obscene trick you'd pull on me later that evening. To be honest, I was scared to go to sleep. Eventually, however, I drifted into slumber land and there you were exactly as I'd left you - both holes stuffed with bloated, pink plastic. Suddenly, my own hands appeared in front of me and I was grabbing you by your beefy shoulders. Hauling you around, I set my tingling balls on your bountiful rack, slammed my bulbous dobber past your lush, pursed lips, and violently fucked your mouth until I finally pulled out to splatter gobs of bright, pink spunk all over your flushed round face! Yes, you heard me right. I was shooting pink splooge! Thank god the stream of semen soaking the sheets when I awoke was pure white.

These dreams have been going on for two weeks, Shannon. Two weeks! I can't explain it. Maybe I secretly long to possess your lovely, pillowy bulk, or maybe I've become fixated on the color pink, but whatever the reason, you've got to help me.

Could you just drop me a line and perhaps include an autographed picture? That might break the spell you've cast on me. Please hurry, Shannon! I'm exhausted.

DD-LICIOUS

When you hail yourself as “DDLicious”, shyness is not your forte.

Coming on strong at 5'4" and 190 plus pounds the striking 22-year-old is determined to conquer the world and leave no prisoners in her sexual wake. Plumpers was fortunate enough to catch this star as she begins her rise to the very top of the plus sized modeling world. This is actually her very first photo shoot and we know that all of you fat admirers out there are dying to see more of this all-natural 44DD-36-46 babe. Feast your eyes on her big round full cup tits and matching bouncing butt, it doesn't get much better than this plumper.

DDLicious is the real deal. Not only does she sport some dangerous curves she LOVES, and we mean LOVE, to let any guy or girl have an eyeful. The natural exhibitionist couldn't wait to shed her clothes and have the camera document her enormous sex drive. The voluptuous beauty had not one but two orgasms right here on set! Now that's a Plumpers girl!

“Should it be a crime to have been blessed with these babies and this round ass?” coos DDLicious as she teases and pulls on her little panties. “I’m doing what I can, with what I was given, to make guys as hard as a rock whenever they happen to see me. Nothing gets me wetter than “accidentally” popping out a nipple or showing off my pussy while I’m out shopping or whatever. Guys must think I’m a ditz but I know exactly what I’m doing when my skirt inches up and my panty covered ass is swinging in the breeze for any and all to see. It only gets embarrassing if they can see just how soaking wet my panties are as I’m imaging their cocks getting all swelled up and stiff.”

DDLicious goes silent for a moment and flashes us her mischievous smile. “Oooh I must confess that all this sexy talk is getting me in the mood. I hope your readers are at home, sitting in their private place and just jerking their rods to my pics. My nipples are so hard and

they throb in a slow pulse as they wait to be tweaked, licked and sucked. I’m touching my pussy and letting my fingertips drum a little tune on my pearl-like clit.” DDLicious drifts off into her own world as she proceeds to have a thunderous vibrator induced orgasm while the cameras snap away.

“I loved every second of this modeling gig. Who wouldn't want to be paid to look hot and sexy and get their pussy rocked AND get paid for it! I can't wait to do this again; maybe next time I can get one of my chubby girlfriends into the mix. That's right, I said girlfriend. Because, like that old commercial jingle, 'nothing can be finer than the taste of hot vagina in the morning'. Hope to see you on these pages again real soon!” ★

ALLIE

Five foot seven inch, 180 pound, Allie comes to us from Vancouver, Canada and admits that she loves to show off her body. "I've always been proud of my womanly curves and make a point of dressing to show them to their best advantage." Allie is a professional dance instructor and loves helping others become more confident of their bodies. "It's amazing how much sexier a woman feels when she learns how to move her body. Dancing is very sensual and a wonderful way for men and women to connect. There is nothing sexier (or so the men tell me) than a full-figured woman who moves her body with "attitude." I know there is no shortage of guys that make a point of requesting me as their dance instructor. Apparently learning to fox-trot pressed tightly against a pair of full breasts makes lessons quite interesting for them."

BEBE

Bebe is a full-time nurse and a freelance artist that loves erotic art and movies, tall men and chocolate truffles. This Detroit native, says that her 5'9", 225 pound, 38C-34-48 body is appearing in the pages of PBW following a fun-loving dare that she wasn't brave enough to do it. "I guess I come across as somewhat shy and reserved to people that don't know me really well. I'm actually a very sensual and sexual person...I just tend to be a bit private about it. I suppose after this, a few people will have to re-evaluate their opinions and of course, pay up on the dare!" Bebe loves cooking, antique cars, dirty dancing and scary movies. We asked what she notices first about a man: "The way he looks at me. If he looks into my eyes when he talks to me and if he has a really great smile, I'm a pushover."

BUBBLY BABE

"Bubbly Babe," as her friends call her, is 280 pounds of fun packed on to a small 5 foot 5 inch frame. "I enjoy just hanging out with friends and having fun. I also love being the center of attention and with a 44DD chest it's kind of hard for men not to look at me." The Kansas native and self-proclaimed party girl is a professional party planner and knows a thing or two about showing people a good time.

"I love being around all different kinds of people and particularly love meeting different men. Event planning makes it easy to do both. One thing I've never done before is pose nude for a magazine, and now I even have that covered!"

"I hope Plumpers and Big Women readers want to see more of me, because I am ready to show it all."

PLUMPERS & BIG WOMEN 21

"Finding a guy when you are this hot is a daunting task some times," pouts the refined blonde June. "So, out of a mix of desperation, curiosity and a real need for physical affection, I entered my info into one of those on-line dating sites specifically for fans of larger ladies. Let me tell you, the response I got was like a freaking tidal wave!

I chose a guy and we decided to get together. We met up at a local eatery and when he walked in I knew that we were leaving this place in the same car. He was a bit taller than me and I had about a hundred pounds on him, but he had the meat when it counted, in his lap. Taking an aggressive role, I stole a glimpse at his rod as he walked over and when he sat down I immediately put my hand on his junk. He didn't even flinch, he just smiled and placed his hand between my thighs.

We didn't even wait for the server to come over to take our order. The animalistic attraction we shared overcame us and out the door we ran. Practically running back to his vehicle, which turned out to be a van, we tongue kissed and groped each other the whole way. Throwing open the side door we piled into his van and that's where the real fun began.

Without care I tore open my blouse and pulled his face and eager tongue into my extra large bosom. His lips wrapped around my big nipples as he cupped both of my breasts in his hands. I squealed in delight as he latched down a bit hard and shoved his hand into my wet panties. Two fingers pulsed in and out of my twat as I writhed in delight on his palm. Following this foreplay I had him lay back and I mounted his skinny body.

Exhaling he pulled me up by the hips until my naked pussy was over his tongue. Flicking in and out, he worked my pussy over as if he could read my mind. Grinding down on his chin I enjoyed his talented tongue until I could hold back no longer and I came all over his face. Shaking all over I had to beg him to stop so I could take care of his now stiff cock.

After lubing up his dick with a quick blowjob I grabbed him by the shaft and guided him into my pussy. I bounced up and down on his cock like my name was Calamity Jane as he pistoned his hips in time with mine. We fucked for a good half hour before he told me he was going to blast. I had to taste his spunk, so I got down to his cock and opened my mouth as wide as possible. He spurted all over my lips and even shot some sperm into my eyelashes. Greedy as I was for his cum I swallowed every last bit and sucked his cock clean to boot.

To this day he's my favorite plaything. When he's not around I can always jerk off to this dirty memory of our first "date". We may not have a committed relationship but I know I can always count on my fuck buddy to deliver the goods. ★

A Few Steamy Ideas to Keep Sex Your Sex Life Sizzling and your Partner Smiling!

21582

I read about, talk about and write about sex. It's what I do and I've got to tell you that something about the timeless adage that "even bad sex is good" still makes me smile. Then there is the ever more optimistic version that "There is no such thing as bad sex". Tongue in cheek, there is a ring of truth to it. I have to admit that even a modest frolic in the hay with an exuberant partner feels pretty darned good! Then again, no one seems satisfied with a mediocre romp with his or her honey. We don't strive to have merely an "adequate" time in bed. Instead we all begin a sexual relationship with white-hot expectations, and anticipate all the possibilities of sizzling encounters. Unfortunately, even initially steamy relationships can be extinguished by routine and habit. This predictability, in turn, robs sex and intimacy of its sizzle. It doesn't take long for this less than great sex to hurl both of you into a dreaded "get it on and roll over" rut. You guys lucky enough to be in bed with sexy plumpers are all too aware of what a waste that would be.

So, there you are tucked into bed with your cuddly honey watching old Seinfeld reruns. Out of habit you reach over and almost absently begin stroking your partner's neck, or hair, or whatever used to pique her interest and get you both going. Not this time though. Instead you hear "Hey, not now, I'm watching the show!"

"What?" you think to yourself. Have you lost your touch? Has your plump playmate lost interest? Is the magic gone? Must you now resort to edible panties, mink handcuffs and whips? Not according to Dr. Frank Hajcak, author of *Hidden Bedroom Partners: Needs and Motives that Destroy Sexual Pleasure*. According to Dr. Hajcak, if you are forced to continually come up with bigger, more elaborate toys and challenges to stay interested, you may be setting yourselves up for disappointment. Props, if relied on too frequently, can make sex seem more mechanical and even less intimate. "Sex toys should be the cherry atop the occasional sundae not part of a steady diet." Instead, the good doctor suggests giving your love life a mini-makeover and a new point of view. Here's a few ways to keep from taking your sex life for granted, increasing intimacy and shaking it up. These suggestions can help keep the sex simmering and maybe even kick it up a notch or two!

Stir Things up a Bit

Do you find yourself falling into a particular pattern of

lovemaking? For instance, you kiss for a while, do a little light petting, engage in more intense foreplay, have intercourse and then go to sleep? Logic dictates that doing anything the same over a period of time forces it to become routine and predictable. Nothing is more lethal to passion than predictability that ultimately leads to boredom. Remember the intensity of a new sexual relationship? Well, much of that intensity is fired by all the mystery. What will happen next? How will my partner react to what I do...etc. It's possible to bring back some of that magic and spontaneity by tossing in a bit of variety and mixing

22827

up your typical lovemaking style. If it's something you don't ordinarily do, give her a relaxing, sensual massage. Spend what you feel is a great deal of time simply kissing and teasing. Rub her feet, for instance or how about nibbling on fingers or toes? One hot plumper shared a particularly inspiring encounter with me. "I was lying on the floor with my boyfriend and we were watching television. He started playing with the inside of my leg and sort of tickling me. I didn't think anything of it really. This was typically the way he lets me know he is feeling 'frisky'. I felt his fingers moving slowly up and down the inside of my thigh and then suddenly he pulled my panties aside. Before I knew it, he had buried his face in my muff and started moving his tongue on my clit and making me totally nuts. Then, as quickly as he had started he simply stopped what he was doing and started kissing my neck. I was about to go insane. I was begging him to finish what he started, but he was having too much fun teasing me. Two times he would bury his face in my muff and then stop what he was doing. Once he started nibbling my toes and the other time he just started watching the television and nonchalantly playing with my hair. My guy had never teased me like that before and I thought I was going to explode! By the time he finally finished literally palying with my head and we had sex, it was beyond a doubt the most intense orgasm I've ever had."

According to Dr. Hajcak, "Nothing comes close to good sex with a partner we know well. Keeping sex exciting in a trusting relationship is as good as it gets." Use your imagination and mix things up a little. Don't let her guess what's coming! Next time you decide to make love, pretend it's the first time. Play and experiment. What you

21721

23134

come up with just may surprise you both.

Try a Change of Scenery

Do you always make love in the bedroom? How about a change of venue? There's more to do on a camping trip than fish and eat smores, gentlemen. How about one of those wonderful oversized double sleeping bags to snuggle in? They were made for cuddling. You don't even need to go into the woods. Drag the sleeping bag into the living room and light a few candles. Get naked, crawl in and zip it up! If there's still a drive-in theater near you, rediscover the thrill of laying in the back seat and making out like a couple of sex-starved teenagers! Better yet, locate the nearest lover's lane and take a drive. Who says that you have to be a kid to steam up the windows? Decide to spend the evening doing every conceivable "naughty" thing you can think of. You don't have to be a horny adolescent to behave like one. You really enjoy making love in your comfy bed? Fine. Who says you can't drag the mattress to the living room in front of the fireplace or simply put the mattress on the bedroom floor for a different perspective. The point is to make love in a different setting. Seduce your lover in a place she wasn't expecting. Keep in mind there are as many places to make love as there are...uh, places!

Love in a New Time Zone

Life keeps us busy. With schedules that balance work, family, and social obligations, sex with our partners sometimes ranks low on the priority list. We wait till the end of

the day when we're exhausted, and then wonder why we're a little less excited than we used to be. No schedule is so airtight that you can't go in late on occasion or plan to meet for a delicious lunchtime nooner. Taking a morning shower, soaping each other's bodies, and tumbling back into bed for a pre-breakfast romp would be a wonderful way to start the day. Consider the payoff of a room service lunch and a juicy quickie at a hotel to break up the day. Indulging this way can make even the most staid relationship feel like a steamy, illicit affair. Not only would the sex seem new and exciting, but from a woman's perspective, any man that went to the trouble of planning a lunchtime seduction would forever be number one on the list! We can't help but be attracted to men that make us feel sexy and special. This renewed feeling of intimacy and playfulness may just be the catalyst that your relationship needs. Jumpstarts to our sex lives have a way of shedding new warmth on our entire relationship. Fall out of the sex at bedtime habit on occasion, and fall back in passionate love with your partner.

Winning Strategies

We all like to play games. Let's face it, competition gets the hormones going and puts us in a mood for fun. How about a game where the stakes are each other? Example? A friend told me about a game that she played with her lover where she left a note for him to find things on a list: candles, a hot pink vibrator, almond massage oil, Swiss milk chocolates, a white blanket, a book of naughty poetry. The challenge was for him to locate all the items before

she got back from an outing with her friends, or no action that night. He had to find the local sex shop, do the shopping and come up with the items on his own in less than 2 hours! The payoff? If he produced everything on the list, she was honor bound to be his sex-slave for the evening. Talk about win-win! You can determine ahead of time what the stakes are: If you win, you get to blindfold him, tie his wrists and have your way with him; if you lose, you have to dress up in a skimpy maids uniform and do his bidding. The key here is to make it fun and play for stakes that are a little out of the ordinary. Make him have to nibble syrup off your toes and feed you chocolates in the nude if he loses...etc. Enjoy yourselves. This is a game where there are no losers!

Have a Picnic

I've mentioned in this column before the incredible sensuality of eating in bed and how delicious it is to nibble our partners along with a snack. For those of you that haven't tried it yet, now is the perfect time. I realize that your mother told you not to eat in bed. However, when you're in the sack with a plumper and a bowl of Cool Whip it's a perfect time to ignore all the rules. Order Chinese takeout, a pepperoni pizza or simply rely on the old favorites of strawberries and cool-whip. The main ingredient in this picnic is the two of you. Warm butter-scotch poured on nipples and licked off sounds delicious. How about savoring bites of sweet and sour and kissing off whatever spills on...wherever. You get the picture. Strawberry syrup tastes delicious eaten off any body part you can put it on, as does peanut butter or frosting. Experiment. If it tastes good licked off a spoon, it will only taste better licked off a soft tummy or boob. Whether you are making love for the first time or the thousandth time, sex and intimacy can remain intense and exciting if we work on never taking our partners for granted. Men that love voluptuous women already know how good it can get. Just a little imagination and attention to romance can make sure it stays as hot and steamy as it started out. After all, a passionate plumper in your bed is a terrible thing to waste. Pass the Hershey's!

Chloe

Tanya & Kyla

Tanya and Kyla love to eat...pussy! Thank goodness these two portly pussy lappers found each other, otherwise there would be no more big pussy for the rest of us to share! "Tanya really loves to get my girly hole all lubed up with spit before she starts to really bang me," Kyle breathlessly whispers as she waits for her breathing to go back to normal. "I swear there is nobody or nothing that can get my pussy worked up like Tanya." We caught these pussy munching cuties immediately after they got finished one of their many daily sessions. The scent of pussy, sex and sweat clings to their skin, hangs in the air and envelopes both curvy babes as they caress and touch one another's soft bodies.

"Kyla looked so fine in her tight little skirt that I couldn't help myself. And I could taste her pussy the second she stepped into the room. Her scent is intoxicating." Tanya pauses to smile as she continues, "Drunk on my lust for her pussy I pulled her into a big hug and yanked down her top and suckled like a newborn on her generous titties. Can you blame me? Just check out this pussy," says Tanya, holding open her friend's hot pink box for closer inspection. "How can I keep my fingers, tongue and more out of this sweet hole? More importantly, why would I ever want to? If only you guys at home could join in on the fun. I'd be pulling on your cock while Kyla gobbled your balls. If you can manage to finger bang me at the same time, I'd make it my mission to cream all over your fingers. Or maybe we'd make you wait and watch as we got filthy and really horny. Something

tells me, you like to watch." Kyla perks up at the mention of licking some nuts, "Mmmm, why did you have to say something about licking on some balls? Now I gotta get some before I can sleep tonight. I thought I was done getting fucked for the day. I have to get me some dick." Rubbing her ample boobs in her palm, Kyla slowly runs her other hand down her belly and starts to massage her overheated cunt.

Kyla looks us straight in the eye and gives us a sultry wink. "Do me a favor sweetie, shut the door on your way out," Kyla instructs us as the sexy couple begin to kiss and touch and renew their plus-sized girly action. This particular party is girls only and we are a long way from finishing. Motioning over her shoulder Kyla purrs, "There's a strap-on in the closet that's just begging to get buried deep in my twat..."★

More Random Sexy Facts Tantalizing Tidbits of Do's, Don'ts, Who Knew and Must Try's

Hey PBW lovers! If there was a new, creative way to have sex or something to make it extra exciting, you would be willing to try it, right? I know I spend a lot of time acquiring information on all things erotic to pass on to my readers. Just when I think I've either tried it all or at least heard it all, I come across something that renews my interest and is noteworthy enough to pass on. It's always stimulating to learn new things about sex. How to make sex more exciting, how to better please a partner and the little known facts that are just...well, fun to know. There is a whole, wide and wild world of naughty knowledge out there for the carnally curious and it's my pleasure (so to speak) to further enlighten your erotic education. Besides it can't hurt to be prepared for the ultimate game of sex trivia, eh?

Here's a list of some sexy things I bet you didn't know:

- * Research has shown that lying down can actually dampen sensitivity to smell and sound. Therefore if you want to have sex that is multi-sensory sitting up, or even doggie style is far more stimulating than the standard missionary.

- * Men are actually capable of having multiple orgasms like a woman, but in order for a man to achieve one, his first orgasm must occur without ejaculation and without losing his erection. My guy friends tell me that trying to achieve this is more trouble than it's worth. Oh well, at least we know it's possible.

- * Masters and Johnson found that roughly 2 percent of female test subjects were able to achieve orgasm solely from nipple and breast stimulation. Lucky girls!

- * An interesting study found that caffeine increased sexual behavior in female rats. So, if your honey asks you for some morning java, oblige her. It may lead to some morning cuddling.

- * The most common place for couples to have sex outside the bedroom is in a car. That one didn't surprise me much at all.

- * The average number an American will have in their lifetime is eleven.

- * Talk about another reason to kick the habit. A study of 297 couples under 30 found that non-smoking men had twice as much monthly sex as smokers did. Nonsmokers also rated their performance and enjoyment higher.

- * Women fantasize more during sex than men do. The odd thing is that they are fantasizing about the lover they are with, but in a different setting. The good news is that women with a rich fantasy life also claim greater sexual satisfaction.

- * Electronically powered vibrators were actually invented in the 1880's and used by doctors to treat women for hysteria, a misdiagnosed medical condition that consisted of nervous behavior, irritability and feeling faint. Apparently all of these maladies were magically cured with an orgasm.

- * Roughly 80 percent of men in relationships always have an orgasm with their partner. Only 28.6 percent of women do. Sounds like you guys need to step up the technique.

* A recent University of Michigan study reveals that women can show genital signs of sexual excitement with even realizing that they are aroused. Just more proof of how important a chick's mental state is when you try to get in the mood. Oh, and here is the thing you need to remember: This state happens most commonly while kissing. Learn to be a great kisser and pucker up!

* The head of the clitoris contains approximately 8,000 nerve endings, the greatest concentration in the entire body. The penis only has 4,000. Talk about double your pleasure.

* Women as well as men are capable of having intense orgasms in their sleep. Women are more likely to have them if deprived of satisfying sex for a period of time. Men have them with the same frequency regardless.

* Woman and Men equally say that they desire sex an average of three to four times a week.

* According to a 2006 study in The Journal of Sex Research, couples report that foreplay tends to last 11 to 13 minutes with intercourse lasting roughly 7 to 8 minutes.

* Conventional wisdom has it that it can take upwards of 20 minutes for a woman to be sexually aroused. However, using thermal imaging, sex researchers at McGill University, determined that women get aroused as rapidly as men do in about 11 to 12 minutes.

* A Wilkes University study shows that students that had sex once or twice a week as opposed to those abstaining, had a 30 percent increase in immunoglobulin A, which boosts the immune system. Apparently sex

rare condition for some women is called PSAS (Persistent Sexual Arousal Syndrome). Women affected experience a constant state of sexual arousal that is not relieved by orgasm. I guess there can be too much of a good thing.

* A small number of women are actually allergic to semen. Apparently proteins from a man's prostate can result in itching, burning and hives both on the genitals and other parts of the body.

* The most arousing scent for a woman is a combination of vanilla and lavender. In the opposite corner, according to research, the smell of meat cooking is the biggest turn off for the ladies. That bit of trivia was interesting to me. My advice would be to postpone the cookout until after sex and then stock up on the scented candles a room spray.

* According to a leading reflexologist, massaging your lover's feet paying particular attention to the heel just under the anklebone is very stimulating. Apparently it will cause a tingling sensation on the inside of her leg and make her pelvic area more sensitive to touch.

A Few Sex Myths Exposed

Myth: Women can't climax from a quickie.

Truth: Once a woman is turned on it doesn't take long for her to reach an orgasm.

Don't underestimate the erotic appeal of a bit of wham-bam booty. A woman who is mentally stimulated and "in the mood" can quickly go from zero to climax. This is particularly do-able if you have a reliable position where you can simply turn on the intensity. Rather than spend time varying moves, simply get

is indeed good for you!

* If you see the "Italian Method" referenced when it applies to putting on a condom, it means that the woman puts it on your penis using her mouth. One I haven't mastered, but hey, the year just got started.

* Priapism is a term for a painful erection that persists after ejaculation. If not treated it can result in permanent damage to the penis and even impotence. A similar but

to what you know works. For most women this is a consistent rhythm and motion. There is something very exhilarating about "gotta have it now, can't wait" sex. Don't leave it out of your bag of tricks thinking that your lover won't approve of your impatience.

Myth: The old missionary position is so boring.

Truth: What ding-dong came up with that one? I swear these folks that say you have to contort yourself into a pretzel to be exciting are truly missing the love boat. Nothing is more intimate than face-to-face.

With a few small tweaks this position offers maximum stimulation for your partner.

Have her keep her legs together to provide even more friction.

Or with the bottoms of her feet together with legs far apart you can do your deepest thrusting.

Eye contact during intercourse can

be very stimulating to a woman. According to Darcy Luadzers, PhD, author of *The 10 Minute Sexual Solution*: "When the man is on top a woman can relax and concentrate on her pleasure."

Myth: A Woman has to be in the mood to have great sex.

Truth: Not so...not even close.

According to sex therapists, nothing elevates a bad mood more quickly than sexual activity. Spend time stroking your partner in a non-sexual way. For instance,

hold her hand, run your hands through her hair, kiss her shoulders, stroke her back. The key is to do things that relax your partner. Once she begins to focus on the sensation of your touch, physical arousal will override any mental hang-up. The plain fact is that the best thing to do for a partner that is stressed or preoccupied is to enjoy physical pleasure. Tell her it's just what the doctor ordered.

Myth: Once a woman brings a sex toy into bed she will always need it.

Truth: I know this is a common belief that some men share. I realize that it may be challenging to compete with something that vibrates at 900 cycles per second, but trust there is nothing to be jealous about. To insure that your honey doesn't become overly reliant on the use of sex-toys, make it something that you do together. Make the use of a vibrator just a small part of your repertoire to get things going and then resort to using your hand and mouth instead. I suggest you go toy shopping together. Pick up a few massage oils and flavored gels to enjoy mutually and keep an open mind. As a woman I can assure

you that nothing with batteries is better than a living, breathing partner that knows how to please you.

Some Sexy, Yummy Things to Do with Food in Bed

There is nothing sexier than incorporating food into your mattress moves. After all, you're with a plumper and we love food, right? Then there is the fact that when we engage all of our senses, our sexual experience is even more satisfying. Food utilizes our sense of smell, taste, and touch. Think of the scintillating textures and temperatures you can experience. Here are a few suggestions that can make your loving delicious.

- * Sip some bubbly club soda and hold it in your mouth. Then kiss her nipples or better yet head south and hear her squeal!

- * Put a small amount of honey on your lips before you kiss her.

- * Chill some chocolate chips in the freezer and then place a trail of them down her spine (the backbone has tons of nerve endings) or dot them from between her breasts to her pubic area. Then nibble them off one at a time.

- * Take a frozen fruit pop and draw circles around her nipples letting her first feel the chill and then the warmth of you licking it off. This cold to warm sensation is also amazing inside her thighs and the lower back.

- * Have a dish of finger foods like olives, berries and small bites of cheese. Take turns being blindfolded and feeding them to each other.

- * Gently spread caramel (or something equally gooey) sauce on her breasts, avoiding the nipples. Then slowly...slowly lick it off avoiding touching the nipples. She will literally squirm to be touched.

- * Have a cup of ice water and a cup of hot herb tea by

22002

the bed. Swish the cold water in your mouth and do some muff diving. Then drink some of the hot tea and do the same. The temperature tease will be electrifying. Even better, take turns doing this one to each other. Makes me wiggle in my seat thinking about it!

So, I hope you guys learned something new this time around. I know I had fun doing the research. Enjoy!

Till next time...

SARINA

Sarina is a cute and cuddly administrative assistant in a large law firm in Los Angeles, and being the as sexy and personable as she is, she gets asked out for lunch and dinner a lot. And while she loves to eat – Italian cuisine is her favorite – pasta primavera, scampi and veal marsala aren't the only entrees on the menu.

"I cum a lot more when I am being tongued by somebody who knows what they're doing," smiles Sarina knowingly, "then when I'm just getting, you know, laid. I mean, I love fucking,

don't get me wrong, but a guy who knows how to eat out a girl until she's gripping the sheets and screaming with pleasure, is, well, special. Giving head is a lot more subtle than just pounding away with a penis," Sarina smiles.

"Once I start to cum, well, I can't stop. If you can get me off with your lips and tongue, well, you can dine on my warm, juicy twat anytime. Do me proper and you can always come back for seconds. And maybe I'll even let you stick it in me!" she laughs.

Sarina's first boyfriend, Steve, "pounded away at me like I was a piece of meat," but her second boyfriend, Chad, turned out to be a dedicated practitioner of the oral arts. Between bouts of multiple orgasms, Sarina was, to say the least, grateful. "I hate to admit it, but when Chad's head was between my legs, I liked getting licked a lot better than I liked him fucking me. I would just lie there and get off, it was so great, because Chad was so good at giving head." Sarina sighed and rolled her eyes, as if savoring the pleasure. "I guess a lot of girls have a thing for cunnilingus; I've heard some of them get into it in college, hey, after all, what's not to like about a lot of orgasms?"

Chad and Sarina eventually broke up, but the experience left Sarina with a life long predilection for having her labia licked. "Oh, and fingered too; I love when a guy – or a gal," she giggles, "slides their finger all the way up my cunt, and starts rolling it around down there. It gets me so wet and juicy, I could faint with pleasure – and believe it or not I have."

"I guess I am one of those ladies who can truly say – lunch is on me!" 🍷

Apryl knows. This curly haired blonde chub knows you want to fuck her. And guess what? She is one hundred percent fine with that knowledge. "Better that guys want to eat my pussy and suck my tits than pretend that I'm invisible right?" reasons the hot blonde. "Besides I only see guys as sex objects so I guess it all balances out in the end."

Now that's the sound of an enlightened chick who isn't afraid to go for the deep boning when she wants it. As you can probably guess, being coy isn't in Apryl's vocabulary. "I just read a report that says guys dig us fluffy chicks because we have so much extra estrogen that they can't NOT want to fill our twats with slippery seed. It's a biology thing. Men simply cannot resist this set of

soft curves and slick pussy walls. I intend to use this fact to my advantage."

Stripping off the layers of clothes Apryl's slowly starts to stoke the internal fires as she shows us just how excited she has become. "I love it when my pussy gets so wet you can see it on my panties. It's so naughty. Whenever I want this feeling but am feeling too lazy to dress up and show off I simply take off my bra. My nipples are so sensitive that I can't open the freezer without them stiffening up. And once my nips are hard my pussy literally starts drooling. It's like a porno chain reaction. Stiff nipples, wet pussy and suddenly I'm on my back or on my knees getting filled to the brim with a thick sausage. I sound like such a slut," giggles the chubby nympho.

"I was at the gym last weekend, when I caught some guy watching me walk the treadmill. I hiked my gym shorts up into my asscheeks and bent over to grab my water bottle. I could see the front of his shorts bulge out and he quickly grabbed a towel to cover his

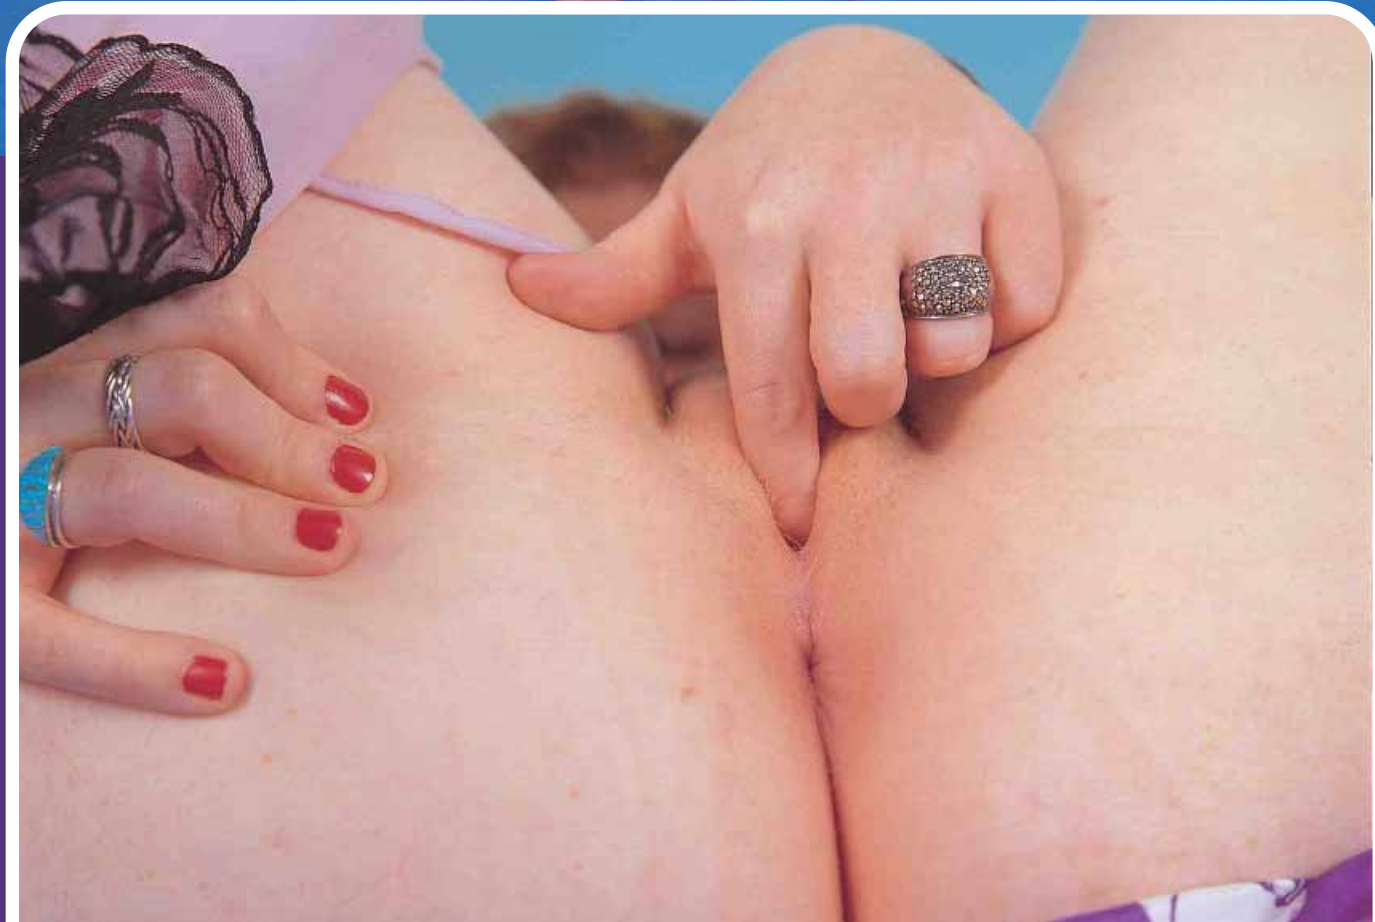

erection. I got off my machine soon after and “accidentally” brushed my body against his crotch as I passed.

I heard him suck in his breath sharply and his face got all red. ‘You wanna help me work up a sweat?’ he very boldly asked me. ‘I didn’t know what to say so I gave him my best flirt smile and took his hand in mine. Without exchanging names we quietly found ourselves an empty sauna and went inside for the best five minutes of my life. He sat down so I yanked off his shorts, stuffed his already hard prick inside me and rode his hard cock until he came deep inside my vagina. Wiping the sweat from my brow I slipped my bottoms back on and with his cum dripping down my thigh I blew him a kiss and walked out. That’s not too slutty, is it? Fuck it I don’t care.” 🌟

Mystery Madam presents...

THE XXX-LSHOT

Hello Plump Lover's!

Mystery Madam is back with another salacious tale. I applaud you for picking up the clues to my identity, but I am quite disappointed that not one lusty "buttaholic" has figured out who I am. How many big women do you know with a 66 inch butt? How about 46GGG boobs? Well I will drop a few more clues, so whack off on the sweet potato pie sprawled across the page and then come back and read every word of this true story. I am a new age woman who can bring home the Benjamin's, get down and dirty in the bedroom, cook in the kitchen and run my own business. My overworked libido has gotten me into a number of outlandish situations over the years, so I decided to do what I do best and get into the sex industry. Ten years have passed and during that time I have been featured in countless dirty videos, posed nude in magazines and I own a popular Swing Club. My new venture is a BBW Strip Club!

I have a habit of pulling something marvelous out of my super size ass and this time around I stepped up to the pole with more than fifty Class-A horny heifers behind me. My new upscale location in North Jersey is about 20 minutes from the George Washington Bridge. I installed a Sports lounge with a 61 inch TV, 2 Pool Tables, and an Internet Bar. There are several theme rooms including the popular Vegas Room. The room is decadent and designed with a stage, pole, and booth seating. The Roman Room has marble table tops and cozy booths for lap dances, strip tease and privacy. Famous Plumper's from around the Tri-State area attended the grand opening. Tori, Mendi Teats, Passion, Phoenix, Thunder, Awanda Ass and Belinda Melons were all in the house.

There were approximately forty other plush babes dancing around the Club. They were clad in either skimpy dance outfits or topless. I will honestly say the Club held over a ton of torrid chunky ass. Big booty, huge boobs and sweet fat pussy all stood within an inch of every card carrying "booty-holic." You could actually feel unleashed sexual tension as the throng waited for the opening act. My Strip Club features

women in all sizes, shapes and colors. The attendees are from all walks of life, so I try hard to provide a wide range of scandalous dancers for their lusty desires. For this special night I brought in a tall saucy woman with a tremendous following.

Her Breasts are 42d and her bodacious booty comes in well over 58 inches round. Plus the lady carries 280 delicious pounds with grace. She hails from the City of Brotherly Love and stands 5ft 10 inches tall. Phoenix is a sexy beauty who is uninhibited, yet graceful and regal. This lady will with-

out a doubt help you bust a massive load of spunk. Phoenix is a seasoned stripper and headlines up and down the East Coast to sold out crowds. Last year she performed for my video production company and quickly moved to the top of x-rated erotica. I knew Phoenix would incite the crowd and raised ticket prices knowing folks would empty their pockets for the chance to see her perform. I stood in the back of the room and signaled for the lights to be lowered. The only illumination came from the

bulb on the stage. You could almost hear every man in the room gasp when Phoenix walked across the floor. She was clad in thigh highs boots and black lingerie. She stood before the crowd and purred, "Do you see anything you like?" The room ignited as horny men surged forward eager to get close.

Phoenix signaled to the DJ and the Vegas room came to life. Phoenix wiggled, jiggled and danced to the music. She seemed unaware that over one hundred fifty men and women watched. A hush came over the room when she began to strip. Phoenix stopped short and suddenly sat down on an overstuffed sofa. "I'm horny." She said with a shrug. We watched as she pulled a huge dildo from under the cushions. Imagine our gorgeous babe pulling out a fake dick for a session of deep throat action. You will wish it was your prick in her wet mouth. Phoenix sucked and slurped the rubber toy with gusto and then inserted it in her slick wet twat. Phoenix was oblivious to the world and began to match rhythm with hips and fake prick. After awhile I could tell sexy Phoenix

nectar to us before licking it off. She looked out into the crowd and made contact with a club member. An average Joe jumped when Phoenix pointed, "You in the green shirt!" She yelled. The man looked around and Phoenix yelled again, "Come up here and eat my pussy!" Average Joe made his way to the front under an avalanche of hoots and hollers. He climbed on to the stage and stared down at Phoenix. You could see the huge erection pulse behind his zipper. Phoenix leaned forward and pulled the man's zipper down with her teeth. The guy might have been in a temporary daze, but the minute his rod popped over boxer shorts it was on! He kicked off boots, boxers and jeans within ten seconds. Phoenix tugged at his shirt and threw it to the floor. He stood butt naked before her ready for whatever the lady was giving. Phoenix patted her thighs and the man dropped to his knees on the sofa. Average Joe grabbed Phoenix by the hips and pulled her entire lower half into his face.

Phoenix moaned like a gutter snipe and wrapped her long legs around the man's neck. The fat woman was out of control and didn't care who the hell knew it. She was close to orgasm and desperate to get off.

"Eat me, or fuck me but make me cum!" She moaned. Phoenix bucked uncontrollably, but Average Joe held her big black ass in a tight vise against his tongue. Phoenix spread her legs wide and allowed the crowd to see her swollen sticky snatch. "I'm going to cum!" She wailed. The man looked up at Phoenix and said, "Cum in my mouth baby." His cock was massive and stood up like an angry monster. I could tell he was close to release and decided to stoke the flames. I looked across the room and made eye contact with Awanda Ass. She immediately knew what I wanted and walked up on the stage. The crowd hooted, whistled and stomped their feet with glee. Awanda sashayed across the stage wearing a French Maid outfit that was completely ass out! Her creamy white derriere jiggled and wiggled with a mind of its own. She stood in front of the man and said, "I'm hungry."

was getting bored with the mechanical novelty. Soon as the thought hit my head she threw it to the floor and slid two fingers deep into her waiting snatch. "Ahhhhhhhh yes that's it." She wailed. The sound vibrated around the room causing cocks to stand erect. I continued to watch as Phoenix parted her quivering thighs. I could see a thick stream of cherry syrup trickle down her slit. Phoenix dipped a finger into her twat and then offered a bit of the

Average Joe was so startled that he fell to the floor. Phoenix and Awanda dragged the man front and center. His face displayed a combination of lust and fear. Hell I would be scared of five hundred combined pounds of booty! The ladies decided to play nice. They dropped to their knees with butt facing the crowd and proceeded to suck Average Joe off. Phoenix sucked and slurped his balls, while Awanda licked his prick from shaft to head.

You could actually see the man tremble under their lips. I knew the night had to be over the top to be successful, so I decided to fan the flames again. Thunder stood next to me waiting for her time on stage. I acknowledged her and said, "Why don't you start early?" She answered with a smile and slowly walked up the five steps leading to the stage. The Strip Club went silent as everyone held their breath. Thunder is awesome to look at. Her measurements are 42d -32-78. I'm not lying! I saw zippers roll down around the room as all eyes were fixated on her outlandish big black butt. Moans and groans filled the Vegas room as strippers did their dirty in private booths and the clientele whacked off to the filthy stage action. The man stretched out on the

face all while screaming, "Yes, yes, yes it feels so damn good!" Awanda Ass slammed booty down on the man's cock and Thunder wiggled her humongous butt at the crowd while licking balls. The tawdry sex act engulfed all of us! I scanned the crowd and decided to let everyone off the cock tease, besides the other women in the room needed to make some money. I ran over to the microphone, "All those who purchased a raffle ticket can pull it out now!" I watched as folks fished for their orange ticket. I called number 070089 and a Tarzan yell echoed in the room. The patron ran forward with a big stupid smile on his face. Tickets were sold at five hundred dollars each and almost every big time spender had bought one. I called two other numbers and men came forward to claim Thunder and Awanda Ass. The Night Club erupted into spontaneous applause! I turned to look over my shoulder to see what was going

on. Phoenix, Awanda and Thunder were bent over the sofa. Average Joe had somehow gotten off the floor to unleash a hurricane of hot buttered spunk on their butts! Anything can happen in my Strip Club especially when Phoenix starts the show. My stable of ladies will always get you off! floor didn't see Thunder approach because Phoenix was perched on his face bouncing up and down while Awanda Ass rode his steel prick. Average Joe held on to all the booty he could handle. You should have been there to hear his muffled scream when Thunder crawled between his legs and began to lick swollen balls! I swear Average Joe was the luckiest bastard on earth that night. It's a fat fucking orgy! Grab your chair, a tall cold beverage and your best lube, this baby's gonna get you sweaty. Featuring more than a ton of beautiful big black beautiful ladies *Big Ums Fat Black Freaks Orgy* is a monster of a feature. Let's get to it!

The party atmosphere is present from the opening seconds of footage and the upbeat attitude is a huge part of the big fun. Seven luscious ladies with their big butts and floppy sloppy delicious titties get fucked sucked and get blasted with

cum in the pursuit of public pleasure. The ladies are all lounging around outside at a normal backyard BBQ cookout, except all the babes are in their finest lingerie. A group of guys crash the party and start eating the food and fondling all of the girls.

Mz. Buttaworth gets the majority of the attention from the group of guys. As well she should, this chick has got more curves than the PCH. Dropping her panties and bending over the guys encourage her to shake her juicy bubble ass and show off her tight pink slit. Chocolate Nights peels away her string thong and gives her big ass a bounce much to everyone's delight. Based on early impressions, Choclick Ty looks like she's going to be the star of the party, as she seems to be having the most fun. The

shake as a way of saying hello. It's a nice start to an all out orgy.

The action is taken inside as the girls take their individual places on a very big wrap around couch. The guys come inside to find the naked chicks in varying degrees of playing with their pussies. Like kids in a candy store they choose their favorites and set to work.

guys make their way over to the other girls and give their titties a

Tongues get busy flicking clits as the girls spread their thick

thighs for some torrid oral action. To a man the guys chow pussy as the big ladies moan in appreciation. The ladies return the favor by giving amazing head to their guys, sometimes having to double up on the

dudes with one girl sucking sack and the other gobbling cock. The camera moves from individual action to wider group shots and back again with fluid motion.

Then the fucking starts and it's nonstop for the next fifty minutes. The shouts and screams of large women getting heartily fucked is music to your ears! All that extra weight is no deterrent to some hardcore enthusiastic fucking; nothing slows these sluts down in pursuit of a thunderous orgasm. There's girl-on-girl action, threesomes, pounding doggie and

more as the group banging begins to escalate. Once you think this movie is going to never end the first guy pops a nut all over Lacey Velvet's face and the other girls take their turns in front of the salty yogurt thrower.

Hang out after the last load gets shot, the party continues and these chicks get down with their woodsman as they rate their favorites. This is a tight flick with a ton of great fucking gorgeous big fat freaks. Dig it!

MAE MAE

“Come play with me on my big red bed!” says MaeMae, a fleshy, fuck happy fox who loves to party with a vengeance! This sexy redhead can’t get enough when it comes to fun, and the most fun for MaeMae is having her tight pussy, juicy mouth or big fat ass relentlessly stuffed with warm, thick, hard cock, on a fairly regular basis—like two or three times every night, and first thing in the morning, and a few times in the afternoon, if she takes off from work at the Motor Vehicle department for what she calls, a “PM party.”

“I like big steaks, big sandwiches, big salads, so I guess that’s why I go for,” she says, blushing, “a big tool as well. A man has got to be big, hard and have a lot of stamina to keep me satisfied. I need it a lot; a lot of sex, a lot of cock, after all, check it out: I’m a big lady, and I’ve got enormous appetites,” she laughs, drawing the word enormous out into a low sexy moan.

MaeMae doesn’t have one boyfriend she likes to keep her options open, because the way she goes at it, one guy just isn’t always enough. “Honestly, I’ve had guys break it off with me, because they get so exhausted keeping me happy, and they don’t wake up for work! And other guys, well, they can’t keep up, and it’s not always who you would think it would be. You’d be surprised; there was one guy, a body builder, in great shape, did a lot of sports – two spurts in my tight snatch and that was it! Sorry, MaeMae needs a lot more lovin’ then that!

And then there’s Walter, who is basically a computer nerd, skinny, with glasses, but very well endowed; it’s freaky in fact, such a skinny body, such a big dick! I can’t stop cumming when I am in the sack with him; once he gets going, he can fuck forever. First, I give him head, and let him shoot a big load down my throat – that really turns him on – and once I drain his nuts, he can go all night. That’s the way I like to get fucked: hot, hard, and absolutely relentless.”

Right on MaeMae – you’re out kind of gal!★
